The Clientèle Wealth Plan will help you take care of the future by helping you grow your savings. You can use your savings for education, your dream car, new home, lobola or luxuries like an overseas holiday.

Money for your family if you die

Frequently asked questions

What does it mean to 'surrender' my policy?

A surrender is when you withdraw some or all of the funds from your investment. You may surrender your policy at any time, but it is important to remember that this policy was designed as a long term investment and it is in your best interests to pay the monthly premiums for the whole term. In terms of legislation, you may action a maximum of one partial or one full surrender during the first 5 years of the policy.

What happens if I surrender my policy?

If you choose to surrender before the term is up, surrender charges will apply. These charges are used to offset certain upfront and administration costs. We have kept the surrender charges as low as possible. They will never be more than 15% of the investment account plus the administration charge.

What happens when my policy reaches maturity?

When your policy reaches its maturity date, you have the option of withdrawing the full value of your investment account with no surrender charges or administration charges. Alternatively, you can choose to leave the funds and then withdraw the full value at a later stage with no surrender charges or administration charges.

Why is it important that I pay my premium every month?

It is important that you pay your monthly premium as each unpaid premium will result to an unpaid premium charge of R35.00
